BOOK CHAPTER: THE DUNNING-KRUGER EFFECT ON ORGANIZATIONAL AGILITY

We are proud to announce the publication of yet another book chapter.

Learn why leaders overestimate their own capabilities and underestimate those of their employees - a hurdle for the design and development of organization and management.

The topic perfectly fits our work with our diagnostic toolbox and twins for leaders.

THE BOOK CHAPTER

Since 2002, we create twins of organizations with the AI-based operating system for dynamic leadership.

Management Insights is an independent and privately owned company with
