GLOBAL DRUCKER FORUM 2026

Lukas Michel will attend the Global Peter Drucker Forum in Wien this November. This year's theme, *"Next Gen Innovation – When Everything Depends on Ingenuity,"* connects closely with our work on the organizational conditions that enable people to contribute, collaborate and create.

We look forward to conversations about *Patterns of Mastery*, Clarity Before Change, the Organization Twin and how leaders can better understand their organizations before deciding what to change.

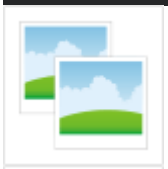

Will you be there? Get in touch to arrange a conversation with Lukas.
