Management Design: The new book

28.11.2014 14:39:35 | Agility Insights AG, Lukas Michel

It was a great opportunity to have the new book *Management Design* at the 6th Global Drucker Forum [www.DruckerForum.org] in Vienna for book signing. The great news: the book was sold out just after 1/2 day into the forum. It turned out to be the best ever sold book of all Drucker Forum events.
